

# Mrs. Brooks' Second Grade Summer Activities

I'm so excited about your son coming to Second Grade! I've compiled some fun-filled learning activities to prepare him for the transition. There will be **three required assignments** for him to complete by the first day of school. These activities will not only provide quality family time together, but will also give your son opportunities to practice skills over the summer. This summer packet is due the first week of school.

## **Activity #1 :Reading Bingo/ Writing**

Your son will need to complete at least 5 of the BINGO squares. These are fun reading activities that will sharpen your skills and have fun in the process! The Writing pages also need to be completed and will contribute to our student work board the first days of school.

## **Activity #2: Math Packet**

Your son will complete the Math packet filled with enriching skills they learned in 1st grade. Take it on the road to wherever you travel. Explore how MATH is all around us, even during the summer months!

**Activity #3: Read the novel: Flat Stanley by Jeff Brown.**

Go on an adventure with Stanley! He may be flat, but he gets to help catch two dangerous art thieves.
